

I Am Back!

(With even more cheer than last year!)

I could hardly wait, and I certainly did not want to be late!

I heard you asked about me? Then you promised how good you will be!

But I must take a rest, before I become your FAVORITE holiday guest.

It was a loooooong flight, now I'm here until Christmas - so hooooold tight.

I have arrived I am thrilled to say. But allow me to rest after this BIG BUSY DAY.

Sleep is what I need, and your Elf On The Shelf Book is what you should read!

Remember there are a few rules to my stay. A few things you must obey.

I have missed you so much! But remember - NOT to touch!

I'm here as Santa's helpful spy; to lend a friendly watchful eye

I will speak with Santa every night, so BE SURE NOT TO fight.

Do as you should; and always be very good.

SO MUCH FUN is ahead... but now it is time for me to go to bed.

Don't forget! Read your book! While I give my hiding place a closer look.

Let me get moved into my space because tomorrow you'll see my smiling face!

Yours Truly,
The Elf on the Shelf
